Please Note:

We strongly recommend that visitors DO NOT stay at hotels in South Memphis, or near MEM International airport – all suggested hotels are in safer venues.

Other Possibilities: Germantown(38138) & Collierville(38017) are in the zip codes shown. The hotels in these geographies are another option for those that may like to walk or run, as there is an extensive running path connecting East Memphis, Germantown & Collierville. The running path is adjacent to the Wolf River and through these areas.
